1000 x 1200 mm

With interchangeable runners and iron reinforcement  
Made from 100% recycled polyethylene

RECYCLEN

Sensible recycling products protect the environment

### technical specifications

size	1000 x 1200 mm
height	150 mm
weight	30.5 kg
runners	interchangeable
rim	without
upper deck	closed
static load	5000 kg
dynamic load	1500 kg
high rack	up to max. 1500 kg*
material	100% PE recyclate
standard colour	black

These values are approximate  
All sizes are in mm

\* with an evenly distributed load on the pallet. The pallet must be tested with the load before use on the rack.

The SECUPAL pallet is extremely flexible due to the interchangeable runners and in case of any damages quickly to fix. Iron reinforcement makes the pallet additionally suitable for use in high rack. The pallet is suitable for food contact, easy to clean and has a long service life. Upon request we emboss, print, dye or manufacture the pallet to your individual liking.
